

BRIO 250

Rounded door shape providing a large advertising area

Tilting cup dispenser to make loading easier

In common with all machines in the extensive Necta range, the Brio 250 is compatible with all major payment systems

Available in a choice of three models: Instant, Espresso & Fresh Brew Tea

Jug facility and guest free vends controlled by a management key

Infra red sensor allows the use of your own cup

Security conscious programmable door lock

Hygiene kit for ease of cleaning

Simple retrieval of sales audit

BRIO 250

The Brio 250 is the market leading truly fully automatic table top hot drink vending machine which really does deliver maximum performance in minimum space, with 250 cup capacity, 8 selections of high quality hot drinks and the ability to house a change giving coin mechanism, all within a footprint of only 540 mm x 540 mm.

INSTANT SUCCESS

Whether your taste is for a creamy whipped cup of hot chocolate or a smooth foamy cappuccino, the Instant model of the Brio 250 delivers drinks of the highest quality time after time.

Z 2000 M ESPRESSO BREWER

All Espresso models of the Brio 250 are now fitted with the patented Necta Z 2000 M brewer, which ensures optimum extraction from the coffee giving an excellent aromatic espresso with a long lasting crema and fuller body.

FRESH BREW UNIT

The Fresh Brew Tea model of the Brio 250 benefits from the Necta designed paperless brewer which makes every cup of tea fresh from the leaf.
